

What is **MeLCAT?**

- **MeLCat** is an online catalog service that allows patrons of participating libraries to borrow materials – books, movies, music, and more – from all over Michigan and have them delivered to their home library
- You may place a request from a search results list or from an individual record display. Simply click on the **Get This For Me!** or **Get this from MeLCat** button or link. The system will present you with a list of participating libraries; select your home library. Enter your name and your library card/account number. (Some libraries will also require you to enter your PIN number.) If your library offers multiple pickup locations, you will also need to select one from the list. Click on Submit and the request is placed!
- Materials on **MeLCat** must be requested one at a time.
- You must go through your home library to get **MeLCat** materials.
